During a patrol in the Crossways Boulevard area of #Dartford, we noticed a car travelling at night without its headlights on.

The car was stopped and later checks led us to believe it's stolen. An arrest was made, and our enquiries are ongoing.

Coronavirus Scam Warning
Watch out for these fake Tesco emails

Action Fraud has received 36 reports about fake emails that appear to be from Tesco. The email states that the supermarket is offering free vouchers during the coronavirus outbreak. The link in the email leads to a generic-looking phishing website that is designed to steal login credentials as well as personal and financial information. Don't click on the link or attach to any links in suspicious emails and never respond to messages that ask for your password or financial details.

Your local policing team

^ About us

Local policing teams are groups of officers dedicated to serving the community. Teams are made up of officers based in the area, supported by additional officers from the wider area.

Teams work closely with local authorities, organisations, partners and residents to decide policing priorities. This helps teams find long-term solutions to local problems.

The Dartford Community Safety Partnership (CSP) are in the process of writing the new CSP strategy, this will include what the partnerships priorities are going forward. As part of the priority setting process the CSP is consulting with those who work and live in Dartford to see what the views are of local communities. Please could you sent the below consultation survey to your clients and colleagues so they are able to take part and have their say;

Dartford Community Safety Partnership

Community Safety Priorities – Public Consultation 2022

Community Safety Partnerships (CSPs) bring together agencies and organisations to work jointly to reduce crime and anti-social behaviour (ASB) in their local areas. CSPs are legally required to carry out an audit of crime and disorder each year by collating relevant information held by partner agencies to help identify community safety priorities so that resources and efforts can be best targeted. However, the Partnership recognises that it is important not to rely on recorded statistics alone. The roots and causes of crime and ASB can be complex and we want to hear the views of local residents and people who live in Dartford on how crime and disorder affects them and what they feel are the priorities within their neighbourhoods.

The findings from this survey will be used to supplement the recorded data that we have gathered and will be taken into consideration as the Partnership develops a new Community Safety Strategy for 2022-25.

The survey should take no more than 5-10 minutes to complete and you are not asked to provide your name or address. The consultation will close at 8am on Monday 7th March 2022.
