CSC 12/2/25

Community Safety Priorities Public Consultation 2025

Community Safety Partnerships (CSPs) bring together agencies and organisations to work jointly to reduce crime and anti-social behaviour (ASB) in their local areas. CSPs are legally required to carry out an audit of crime and disorder each year by collating relevant information held by partner agencies to help identify community safety priorities so that resources and efforts can be best targeted. However, the Partnership recognises that it is important not to rely on recorded statistics alone. The roots and causes of crime and ASB can be complex and we want to hear the views of local residents and people who live in Dartford on how crime and disorder affects them and what they feel are the priorities within their neighbourhoods.

The findings from this survey will be used to supplement the recorded data that we have gathered and will be taken into consideration as the Partnership develops a new Community Safety Strategy for 2025-2028

The survey should take no more than 5-10 minutes to complete and you are not asked to provide your name and full address

Do you live or work in Dartford?

- Live
- Work
- Both
- Neither

What is your postcode?

Letting us know your postcode will help us to check how priorities vary in different areas. It will also help us look into any neighbourhood issues you may have raised. We will not be able to identify you from your postcode
