RESOLVED: That the Minutes of the Town Council Meeting held on 16 July 2026 be confirmed as a true record and be signed.

165/26-27. **ITEMS DEEMED URGENT BY THE TOWN MAYOR / MATTERS ARISING FROM PREVIOUS MINUTES AND THEIR POSITION ON THE AGENDA.**

The Town Mayor Councillor Dawn Johnston greeted members and members of the public who were in attendance and announced that:

Firstly, due to our extraordinary circumstances, the proposed Executive and Emergency Meeting to review the Council's finances over the recess, as agreed in Minute 74, 75 and 76/26-27, has been delegated to a Special Town Council Meeting and all finance items have been put on this agenda. Town Council meetings supersede all other committees, subcommittees and working groups. This ensures that the Council can do the previously agreed financial reporting while also allowing other priority matters to be brought forward for discussion. Importantly, this approach allows all Members to participate in the debate and decision-making process.

Secondly, Swanscombe and Greenhithe Town Council welcomes Dartford Borough Council's involvement on the Swanscombe Pavilion and looks forward to working alongside them, providing support wherever necessary. The Sports Pavilion at Broomfield Park is a valuable community asset, and it remains the Town Council's priority to see a new pavilion delivered as soon as possible for the benefit of residents, sports clubs, and community groups.

Thirdly, I would like to thank the Parks team for their excellent work in transforming the telephone kiosk on Pier Road into a community book exchange. The results speak for themselves. As agreed in Minute 20/25-26, a former Councillor would lead the creation and management of a volunteer group responsible for opening and closing the book exchange each day, as well as undertaking and funding any necessary maintenance. Unfortunately, as this individual is no longer a member of the Council, I would like to invite any Members who may be interested in leading this project to contact the Council Office. Once a lead Member has been identified, a public call for volunteers will be issued and an official opening date will be announced.

Finally, I would like to remind all Members and members of the public that the reports included within Council agendas are officer reports. They are not political documents. Council officers are employed by Swanscombe and Greenhithe Town Council and serve all Members equally, regardless of political affiliation. Officers have a duty to act in the best interests of the Council and the wider community, and all reports are prepared with that responsibility in mind. These reports are then brought before the full Council, where all Members can scrutinise, debate, amend, and make decisions upon the recommendations presented.

Should any Member or member of the public have questions, comments, or concerns regarding any report produced by officers, I encourage them to engage directly with

the Council's officers so that constructive and productive conversations can take place. I would also encourage members of the public to attend Council meetings whenever possible. Your views, experiences, and perspectives are important. I would like to thank everyone for attending this evening. As the Town Council continues to implement important changes, ongoing engagement with our community remains essential.

RESOLVED: That the items deemed urgent by the Town Mayor, as detailed above, be noted.

OBSERVATIONS:	No observations, please ensure all neighbouring properties are consulted prior to the decision of the application.
DA/26/00742/FUL	Loft conversion with rear dormer roof extension and roof window to front roof (Retrospective). 5 Western Cross Close, Greenhithe.

DA/26/00838/COU	Change of use to House in Multiple Occupation (HMO) (Sui Generis) for 10 people. 1 The Orchard, Mounts Road, Greenhithe.
OBSERVATIONS:	Concerns were raised regarding intensity of use, particularly in relation to the number of occupants, parking provision, highway safety, and the cumulative impact on local services and residential amenity. Councillors noted that rooms previously shown as bedrooms now appear to be designated as communal or storage space, despite additional bathrooms being proposed; clarification of the revised layout is recommended. Furthermore, concerns remain that the submitted drawings do not clearly reflect the three additional parking spaces referenced in the application, and that the narrow road network, proximity to a primary school and nursery, and increasing concentration of HMOs in the area may give rise to parking, traffic, safeguarding and residential amenity issues.
DA/26/00958/FUL	Proposed loft conversion comprising rear dormer window and roof lights to front roof slope and erection of a single storey rear extension. 11 Rectory Road, Swanscombe.
OBSERVATIONS:	No observations, please ensure all neighbouring properties are consulted prior to the decision of the application.

OBSERVATIONS:	Provided that an order is raised to ensure that the parking bays remain strictly for residents only, the Town Council has no further observations and welcomes the increase to dental health access on the High Street. Please ensure all

	neighbouring properties are consulted prior to the decision of the application.
DA/26/00482/VCON	Demolition of the existing Public House (Sui Generis) and erection of a 3 storey building to provide cafe (Use Class E) at ground floor and 7 x residential units (Use Class C3) at part ground and upper floors. Financial Pressures Report

Current and Emerging Financial Pressures

The Council continues to face a number of significant financial pressures that create uncertainty within future budgets and reinforce the importance of maintaining adequate reserve levels. These pressures include:

1. Severe Commercial Income Shortfalls

The council's public facing and commercial facilities are failing to meet their revenue target by massive margins, creating immediate budget deficits:

- **Town Council Offices and Community Hall:** This is the most critical pressure point. The Council anticipated **£25,685.48** in accumulative hire income but has only brought in **£3,909.92**. This represents an enormous **84% revenue shortfall (£21,775.56 deficit)**.
- **Heritage Community Hall:** Budgeted hire income was **£7,182.52** against an actual take of **£5,308.80**—a distinct **£1,873.72 deficit**.

Financial Position Statement

2. Staffing and Wage Inflation Deficits

Personnel and operational staffing lines are showing systemic overruns across corporate functions:

- **Administrative Wages:** Staffing costs for central administration ran to **£102,320.50** against a year-to-date budget of **£90,786.98**. This has created a direct **£11,533.52 overrun (12% over budget)**.

3. Uncontrolled Overhead & Building Escalations

Essential operational costs, professional fees, and emergency building works have drastically outpaced allocations:

- **Insurance Premium Spikes:** Accumulative insurance costs skyrocketed to **£15,633.04** against a budget of **£7,889.48**. This represents a punishing **98% cost overrun (£7,743.56 excess)**.
- **Central Building Repairs:** Town Council Office building maintenance has suffered a massive budget blowout, costing **£5,602.32** against a tiny year-to-date allocation of **£220.50**. This is a **2,440% budget breach**.
- **Corporate Subscriptions:** Central publication and regulatory subscriptions cost **£6,955.14** against an estimated **£2,718.98 (155% overspend)**.
- **Unbudgeted Professional/Survey Fees:** The cash book tracks individual heavy compliance costs, such as a **£1,238.50** payment to *Tranby Surveying* for a Sports Pavilion Surveyors Report, driving unbudgeted operational outflows.

4. Critical Core Funding Deficit (Precept)

The largest overarching macroeconomic risk to the Council's immediate solvency is a major shortfall in its primary revenue driver:

- **The Precept Allocation:** The Council budgeted to receive **£340,305.00** in Precept funding by the end of the second quarter. However, actual Precept receipts sit at **£280,305.00**.
- This leaves a **£60,000.00 funding gap (17% short of expectations)**.

Financial Position Statement

Overall Position

As of **1 September 2026**, the Council remains in a positive financial position with a year-to-date surplus of **£29,954.34**. While these baseline figures demonstrate that the Council currently covers its outgoings, the underlying financial position remains fragile. Intensive budget monitoring and prudent reserve management will remain absolutely essential throughout the remainder of the financial year.

Whilst significant pressures remain around staffing, utilities, service delivery, and future investment requirements, there are no immediate concerns regarding the Council's overarching financial sustainability. However, because current finances remain structurally fragile, maintaining an appropriate level of reserves is vital to safeguard stability, support long-term planning, and ensure uninterrupted service delivery for the community.

Moving forward, the Council must continue to review its reserve levels annually as part of its formal budget-setting process. This ensures that cash balances remain adequate, proportionate, and tightly aligned with identified operational risks, building liabilities, and future local commitments.

Please briefly outline of why you are interested in being a Town Councillor.

Living locally and taking an interest in the area, although I am not sure of what I would be expected to contribute, being a Town Councillor may be something I would be keen to be part of the Swanscombe Town Council Team.

I first learnt about the vacancy for the Knockhall Ward from Dawn, now the current Mayor whilst having a conversation with her at St Marys Church, Greenhithe Wednesday morning café drop in centre whereby she asked me if I would be interested due to my past services in the Kent Fire Brigade and recently retired fire risk assessor which she thought that my past experiences may be of benefit at times.

EXPRESSION OF INTEREST FOR THE ROLE OF TOWN COUNCILLOR.

Please tell us something about the life experience you will bring to the Council, for example, previous local government experience, work in the voluntary or charitable sector, business, or trade union experience.

Having lived in the area since 1992, and whilst working for British Telecom since 1972 until around 1988 which my work involved provision and maintenance of business and residential customers within the Swanscombe and Greenhithe areas.

During my employment with British Telecom, I served as a retained fireman with Kent Fire Brigade (now Kent Fire and Rescue Service) from 1982 until 1990 at Cliffe fire Station, Rochester, Kent. After leaving British Telecom I started work for an independent Telecommunications company contracted to British Telecom.

In 1996 I moved into the fire safety industry, firstly as a fire extinguisher engineer, then moving onwards to form my own fire protection company with a colleague which we ran for 10 years until the downturn due to trading.

From there I continued in the fire safety industry whereby I started up and ran the fire side of a facilities company based in Rochester, Kent.

Taking part time working I 2020 this enabled me to carry on providing fire risk assessments in my new formed company for many small and medium-size business.

Now fully retired I am a volunteer and driver for the MCK "Food Bank" of St Mary's Church and also a Trustee for MCK food bank.

example, professional qualifications, financial or project management expertise.

During my professional career I have gained various qualifications in the fire safety field, however, due to now retired some the qualifications have lapsed.

Rise & Grind Coffee Co – Mobile Refreshment Concession at Broomfield Park

Background

On 7 July 2026 Rise & Grind Coffee Co submitted a proposal to provide barista coffee, hot drinks, cold refreshments, cakes and snacks from a self-contained mobile trailer at Broomfield Park. The proposal highlights a focus on supporting park users, sporting events and community activities.

The business has supplied supporting documentation including:

- Public Liability Insurance with cover of £5,000,000 valid until 7 April 2027.
- A comprehensive risk assessment covering vehicle movements, public safety, food hygiene, fire safety, waste management and adverse weather.
- Confirmation of food hygiene compliance and operational procedures.

The proposal indicates that the service is intended to enhance the visitor experience, particularly during football fixtures, tournaments and other community events held within the parks.

Benefits to the Community

Enhanced Visitor Experience

Visitors, parents, coaches, volunteers and spectators would have convenient access to refreshments without leaving the park, potentially improving the overall experience of attending sporting events.

Support for Sporting Activity

The applicant specifically intends to attend football fixtures and tournaments, providing refreshments during periods of high attendance. This may encourage longer stays and create a more welcoming environment for participating clubs and visiting teams.

Supporting Local Enterprise

Rise & Grind is a local independent business and works alongside other local suppliers. Approval of the proposal would demonstrate support for local entrepreneurship and local economic activity.

Compliance and Risk Management

The submitted risk assessment and insurance documentation demonstrate that the business has considered health and safety, public liability, food hygiene and environmental management issues.

Financial Considerations

Current Commercial Hire Rate

The Council's current charge for commercial use of parks is:

£201.00 per day

Estimated Income at Standard Daily Rate

The Swanscombe Tigers FC have 13 fixtures allocated to their 2026/27 season hire, generally taking place on Sundays.

For estimation purposes, it has been assumed that the concession would attend all 13 fixtures during the season.

If a commercial operator paid the Council's full daily commercial-use charge for every Sunday fixture:

13 fixtures × £201.00 = £2,613.00

This represents the maximum potential income that could be generated if the Council's standard daily commercial-use charge were applied to each fixture.

Potential Seasonal Concession Arrangement

Recognising that a mobile refreshment concession attending sporting fixtures provides an additional amenity for players, spectators and other park users, Members may wish to consider a reduced seasonal licence fee rather than charging the full daily commercial-use rate.

Discount Applied	Seasonal Charge
Full Rate (0% discount)	£2,613.00
25% discount	£1,959.75
50% discount	£1,306.50
75% discount	£653.25

These figures are based on attendance at 13 Sunday fixtures during the season, charged at the Council's current commercial hire rate of £201 per day.

Alternatively, Members could consider a fixed annual concession fee linked directly to operations at a specified park rather than applying the standard daily commercial hire rate or seasonal concession rate.

Officer Assessment

The application presents a low operational risk provided the business adheres to the controls identified within its risk assessment and maintains current insurance cover.

The proposal has the potential to:

- Improve facilities available to park users.
- Support football fixtures and community events.
- Promote local business activity.
- Generate income for the Council through a licence or concession arrangement.

Recommendation

Members are requested to consider:

1. Whether permission should be granted for Rise & Grind Coffee Co to operate at Broomfield Park till the end of the 2026-2027 Football Season.
2. Whether the Council wishes to charge:
 - the standard commercial hire rate of £201 per day; or
 - a negotiated seasonal concession fee.
3. Authorise officers to agree suitable operating conditions relating to:
 - public liability insurance,
 - risk assessments,
 - waste management,
 - permitted trading locations, and
 - hours of operation.
4. That this agreement, operational processes and procedures for trading pitches at parks be reviewed at the end of the 2026 – 2027 Football Season.

**Proposal to Swanscombe & Greenhithe Town Council to Provide
Barista Coffee and Hot Drink Services at Swanscombe Heritage Park**

About Rise & Grind

We're a local, family-run mobile coffee business with a passion for great coffee, friendly service and making the most of the fantastic outdoor spaces we have right on our doorstep.

As a young family, we spend a lot of time walking our dog, visiting parks and enjoying local spaces, that we can all enjoy as a family. We understand how important these places are to the people who use them and take pride in offering a welcoming, professional service that complements those environments.

Rise & Grind specialises in high-quality barista coffee, specialty iced teas, hot chocolate and other drinks, served from our mobile coffee unit. Our aim is simple: provide great drinks, a warm welcome, and a positive experience for everyone who visits us.

Why we started

Rise & Grind was born from our love of good coffee and the time we spend outdoors as a family. We often found ourselves wishing there was somewhere to grab a quality coffee while enjoying local parks and spaces.

We saw an opportunity to bring a café-style experience into community settings, creating a place where people can pause, relax and enjoy their surroundings. For us, it's about more than serving coffee; it's about adding to the experience people already have when visiting these spaces.

Why we started

Our local community is at the heart of everything we do. We love meeting people and being part of the everyday moments, whether that's serving a coffee to a dog walker on a chilly morning, a family enjoying a day out, or friends catching up over a hot drink – we have been privileged to be part of those experiences.

As a local independent business, we are committed to providing a reliable, approachable, and high-quality service that enhances the visitor experience. We believe Swanscombe Heritage Park is a fantastic community asset and would be proud to contribute to its welcoming atmosphere, helping create a destination where people can spend time, connect with others and enjoy everything the space has to offer.

What we offer

At Rise & Grind, we offer a range of quality hot and cold drinks, sweet treats and family-friendly options designed to appeal to the range of visitors who enjoy Swanscombe Heritage Park.

Coffee & Hot Drinks

Freshly prepared barista coffee, including lattes, cappuccinos, flat whites, americanos, mochas and chai lattes, alongside a selection of teas and indulgent hot chocolates.

Iced & Cold Drinks

A range of refreshing cold drinks, including iced coffees, iced chai lattes, iced chocolates, iced teas, bottled water and canned soft drinks.

Monthly & Seasonal Specials

We regularly introduce new drinks throughout the year, from refreshing summer specials to festive winter favorites. These limited-edition offerings keep our menu fresh and give returning visitors something new to enjoy.

Bakes & Sweet Treats

We work alongside fellow local business **Dela's Home Bakes** to provide a selection of homemade cakes and sweet treats that perfectly complement our drinks menu. Supporting other local businesses is important to us, and we're proud to showcase quality local products alongside our own.

Family Friendly Options

We believe everyone should be able to enjoy the Rise & Grind experience, including our youngest visitors. We offer babyccinos, hot chocolate and a selection of child-friendly drinks, ensuring families feel welcome.

Dog-friendly

As keen dog lovers ourselves, we know how popular Swanscombe Heritage Park is with local dog walkers. That's why we're always happy to welcome four-legged visitors with a puppuccino treat.

We offer decaffeinated coffee and oat milk at no additional cost, helping us cater to a wide range of customer preferences and dietary requirements.

Our menu is regularly reviewed to ensure we continue to offer high-quality products that meet the needs of park visitors throughout the year.

Benefits to the Council and Visitors

The introduction of Rise & Grind at Swanscombe Heritage Park would provide a valuable addition to the park, enhancing the experience for visitors while supporting the wider use and enjoyment of the site, particularly during sporting events, tournaments and organised community activities.

Supporting Sporting Events and Tournaments

Swanscombe Heritage Park is a popular venue for football matches, tournaments and community sporting events, attracting players, coaches, volunteers, supporters and visiting teams throughout the year.

The availability of quality refreshments on-site enhances the overall event experience, providing convenient access to coffee, hot drinks, cold refreshments and snacks without visitors needing to leave the venue. This helps create a more welcoming environment for participants and spectators, particularly during longer events and weekend tournaments.

Encouraging Longer Visitor Stays

Access to refreshments encourages families, spectators and visitors to remain on-site for longer periods, supporting a more vibrant atmosphere during matches and community events. Whether it's a parent watching from the sidelines, a volunteer helping to run an event or a team staying between fixtures, an on-site coffee service provides an added convenience that visitors would value.

Welcoming Visiting Teams and Supporters

Asset Review – Church Road Hall

Church Road Hall operates as a community hall, delivering stable community gatherings with minimal overhead. Managed directly by the Town Council, the facility features a modest operational capacity tailored for intimate gatherings, supporting up to 50 standing or 40 seated occupants. Structurally, the building benefits from localised capital improvements, such as modernised access entryways, and is fully optimised for basic technological utility with integrated free Wi-Fi.

Financially, the asset generates continuous, low-risk revenue streams through a tiered hourly tariff model tailored to localised usage, capturing £31.70 for one off social events, £21.50 for casual bookings and £20.50 for regular hirers of the hall.

Asset Review – Church Road Hall

Based on the Q1 performance, the hall is in a strong financial position, significantly outperforming its targets generating a cash surplus. With an income of £18,709.56 against a target, and disciplined keeping of expenses to £4,206 the hall has built an excellent financial foundation for the rest of the financial year.

Recommendation: The Town Council notes the contents of this Asset Review Report and approves the retention of Church Road Hall within the council's active property portfolio.

Asset Review – The Grove Car Park

The Grove Car Park - 73 spaces, disabled bays and electric vehicle charging points. The site is approximately 0.5444 acres. Dartford Borough Council (DBC) provide enforcement and fee collection services for the site and Kent County Council (KCC) provide the Town Council with the income from the EV charging points. There is a vehicle limit, as the maximum height restriction is of 7 feet 5 inches.

Pricing and Hours

Monday to Sunday, all day (charging active Monday to Friday 09:00 – 18:00)

Tariff: First 4 hours are free, up to 6 hours costs £2.00 (maximum stay 6 hours)

Income Generated

Parking Charges: The renewed management agreement of 2024 states the agreed minimum income would be paid to Dartford Borough Council: £1,346.71 and will increase every year in line with the Consumer Price Index (CPI). This would mean we are currently operating at a loss as the contractual arrangement is not favourable, and the term of the agreement is for 3 years therefore; it will expire in November 2027. There is an option to terminate the agreement on three months' notice.

EV:- The agreement with KCC is a profit share arrangement of 30% and the term of this agreement is till 2032. Based on the Jan 2026 – June 2026 of £726.77, if there is a similar usage for the remainder of the year the income generated could be circa. £1,453.77.

Income: - £0.00+ £1,453.77 = £1,453.77.

Asset Review – The Grove Car Park

The site could potentially be generating DBC under this specific tariff structure, the 75 spaces are projected to generate between **£3,900 to and £19,500 annually**, depending on how many long-stay drivers utilise the car park.

Current Revenue Projections (75 Spaces)

Metric	Low Turnover (10% Paying)	Moderate Turnover (25% Paying)	High Turnover (50% Paying)
Paying Cars per Day	7.5 cars	18.75 cars	37.5 cars
Daily Tariff Revenue	£15.00	£37.50	£75.00
Annual Tariff Revenue	£3,900.00	£9,750.00	£19,500.00

Following feedback from members at the Special Full Council meeting on the 20 August 2026, the following operators have confirmed the proposed car parking management models that could be introduced:

Operator A: - Offers a comprehensive, zero-upfront-cost (FOC) parking management solution centered on 24/7 Automatic Number Plate Recognition (ANPR) technology, which eliminates revenue leakage from ticket sharing by digitally linking transactions to specific vehicle registration numbers. The fully funded infrastructure package includes ANPR cameras, a web portal for administrative whitelisting, a visitor self-exemption touchscreen kiosk, and a dual-payment system featuring a physical alphanumeric terminal and the mobile-based Operator A Pay platform. Alongside automated data analytics tracking vehicle fuel types and dwell times, clients receive a dedicated account manager under a fixed 36-month contract, where Operator A retains a 10% commission on tariff revenues to cover all software, processing, and hardware maintenance.

Operator B: - The proposed parking management solution combines a 4-hour Maximum Stay rule with a Pay to Park option, designed to enhance onsite security, maximize space efficiency, and generate a steady income stream. Offered completely free of charge—excluding a nominal annual electricity cost of approximately £30 for the camera—this fully managed, automated ANPR system issues postal Parking Charge Notices (PCNs) to unauthorised vehicles to deter non-compliance. Staff can independently manage long-term digital permits to update their vehicle details within allocated space limits, while an intuitive online administration portal allows management to seamlessly issue short-term, temporary permits to visitors and contractors. By handling all day-to-day operations and enforcement automatically, the system eliminates traditional administrative whitelist bottlenecks, prevents parking confrontation, and frees up time to focus on core operations.

Operator C: - Dartford Borough Council, the current arrangement, as previously described in page 1 of the report.

Asset Review – The Grove Car Park

In conclusion, adopting the below recommendation provides the Council with a vital opportunity to renegotiate the current agreement with Dartford Borough Council. By securing more favourable terms and amending the order, the Council will establish a flexible framework capable of generating additional long-term income. This strategic approach ensures both immediate financial prudence and sustainable revenue growth for the future.

Recommendation:

- (a) To authorise the Town Clerk and RFO, to renegotiate the terms of the Parking Management Service Level Agreement with Dartford Borough Council, with the final negotiated terms to be brought back to Full Council for consideration.
- (b) To formally request that Dartford Borough Council initiate a statutory amendment to the Dartford Borough Council Off-Street Parking Places Order 2021 (Amendment No. 2) Order 2024 to accommodate provisions for commuter parking and a residential permit scheme at The Grove Car Park; and further, request that Dartford Borough Council undertake the mandatory statutory public consultation on a revised tariff structure reflecting these proposed changes.

The following planning applications had been received from Dartford Borough Council / Ebbsfleet Development Corporation / Kent County Council/ Gravesham Borough Council for Members observations (full details of these applications can be viewed via the Town Council, DBC, EDC GBC and the KCC websites).

DA/26/00672/LDC	Application for a Lawful Development Certificate (Existing) for use of the property as a small House in Multiple Occupation (HMO) falling within Use Class C4 101 Knockhall Chase, Greenhithe.
OBSERVATIONS:	Members noted that the previous proposal had been submitted as a planning application and was refused due to Article 4, and that this proposal had now been submitted as a Lawful Development. Members highlighted that the proposal included a kitchen area that was only 4.9m square when the minimum standard was 7m square. The Town Council strongly objects to this proposal as it does not meet the minimum standards required.
DA/26/00729/FUL	Proposed garage conversion into habitable room. 10 Atlantic Close, Swanscombe.
OBSERVATIONS:	The Town Council strongly objects to this application as the proposed development would result in the loss of a parking space which could not be replaced within the curtilage of the site and would be likely to result in undesirable on-street parking in an area with limited on street parking provision contrary to the Planning Authorities Dartford Development Policies Plan. The Town Council believes that the proposal would have a detrimental effect on the provision of parking in the vicinity.

EDC/25/0020	RE-CONSULTATION - Full planning application for the phased demolition of existing buildings and the erection of flexible B2/B8/E(g)(ii)/E(g)(iii) units, with new accesses, internal roads, parking, drainage, landscaping and associated works (Manor Way Business Park). Manor Way Business Park, Manor Way, Swanscombe.
OBSERVATIONS:	The Town Council strongly objects to the application as it considers the temporary Galley Hill Road closure continues to significantly impact on traffic in the local area which the Town Council considers to be a material consideration and, until this temporary closure is resolved the application should not be considered.

2/26-27. The following Granted Decision Notices had been received from Dartford Borough Council / EDC for members information.

DA/26/00421/LDC	Application for a Lawful Development Certificate for proposed loft conversion comprising rear dormer window and roof lights in front roof slope. 11 Skippers Close, Greenhithe.
DA/26/00346/FUL	Change of use from dwellinghouse (Class C3) to 5-bedroom 5-person HMO (Class C4) with provision of refuse and bike storage. 39 Park Cliff Road, Greenhithe.
DA/26/00501/FUL	Erection of a front porch and single storey rear extension. 41 Eglinton Road, Swanscombe.
DA/26/00508/FUL	Demolition of existing conservatory and erection of single storey rear and two storey side extension, along with the removal of protected tree T6 Ash and extension of existing driveway. Ingress Priory, Ingress Park, High Street, Greenhithe.

133/26-27. DELEGATION TO CONDUCT NORMAL BUSINESS DURING RECESS PERIOD.
